WHY CHOOSE MAXIPRO® PROFESSIONAL WIPES?

Maxipro’s competitive range of cloths and wet and dry wipes offers you a straightforward and cost effective solution for a host of cleaning and wiping requirements.

Maxipro® is manufactured by Techtex, a privately owned UK company based in Manchester. It was formed in 1996 and is now one of the largest wipe manufacturers in the UK supplying a full range of Industrial and Healthcare wipe solutions. From our specialised manufacturing plant we offer a complete range of industrial wipe products for all applications, as shown in the following pages.

At Techtex we have accreditation for the following:

- ISO 9001 Quality Management System
- ISO 14001 Environmental Management System
- SEDEX Ethical supply chain auditing and workplace

Please call 0161 643 3000 or email sales@maxiprowipes.co.uk to discuss your requirements or request a visit from one of our representatives.

MINIPRO® PROFESSIONAL WIPES AND CLEANING CLOTHS

LOW-LINTING CLEANING WIPES

Low-lint wipes are important for cleaning instrument parts, printer components or for wherever critical cleaning is required within the Aerospace, Printing, Automotive or Engineering industry.

The low-lint (loose fibres) properties help avoid contamination, allowing either dry or solvent cleaning without depositing cloth residue on sensitive surfaces;

- Strong and durable
- Highly absorbent
- Ideal for wet use
- Soft and bulky
- Available in a range of product weights to meet your cleaning and wiping requirements
- Easy to use and disposable
- Available in 2 different colours
- Supplied in perforated roll formats

PRODUCT CODE PACKAGING WIPE COLOUR WIPE SIZE (CM) WIPE QTY CASE QTY
MP300IX Perforated Roll White 23 x 38 cm 300 1 x 300
MP300IX Perforated Roll Blue 23 x 38 cm 300 1 x 300
MP400IX Perforated Roll White 26.6 x 38 cm 400 1 x 400
MP400IX Perforated Roll Blue 26.6 x 38 cm 400 1 x 400

BUSINESS SECTORS:
- Automotive
- Aerospace
- Printing
- Engineering

INDUSTRIAL LOW-LINTING CLEANING WIPES

A strong, very low-lint wipe, works well wet or dry. Ideal for dust sensitive environments and any industrial wiping task.

Product code: MP300IX / MP400IX
Wipe colour:

Wipe colour: 

www.maxiprowipes.co.uk
Low-lint non-woven wipes have become essential and are now an industry standard. Rags are generally less absorbent than non-wovens, especially if they are made of a non-cotton material laundered cloths;

- Strong and durable
- Highly absorbent
- Ideal for wet use
- Soft and bulky
- Available in a range of product weights to meet your cleaning and wiping requirements
- Perfect for working with sensitive surfaces due to extreme low-lint and antistatic properties
- Easy to use and disposable
- Supplied in folded and roll formats

Clinitex® Target cleans and targets infection in one hit:

- Single solution for cleaning and disinfection, removing the need for multiple products
- Convenient, impregnated wipes. No complex preparation of solutions nor dilution of disinfectants required
- Single-use wipes eliminate the risk of cross-contamination
- Alcohol and Chlorine free
- Natural odour, fragrance free
- Cost-effective in use
- Available in a resealable tub or bucket

Each product contains a complex range of biocides, formulated to target a broad spectrum of microorganisms found in healthcare environments;

- **Bactericidal** – Pseudomonas Aeruginosa, Staphylococcus Aureus, Enterococcus Hira, E Coli & MRSA
- **Mycobactericidal** – Myco. Terrae
- **Fungicidal** – Candida Albicans and Aspergillus Niger
- **Virucidal** – Hepatitis C, Influenza A (H1N1), Human Immunodeficiency Virus (HIV) and Norovirus

This product has been tested in accordance with European Standards EN1276, EN13727, EN14348, EN 14476 and supporting documentation is held on file by Techtex.
